Tire Issues

COMPLAINT:

The unit has 1 or 2 flat tires

CORRECTION:

A.S Oct 15/18 - Loaded up two tires on rims and drove out to 897 hwy. I noticed that there were three tires flat. I jacked up the trailer axle and removed both of the RH middle axle tires and put the two good ones on and torqued. I lifted up the rear axle and removed the outside tire that was blown apart and waited for the third tire. I installed the third tire and torqued the wheels. Lowered the trailer, put tires in the back of the truck and drove back to the shop. Unloaded the tires and cleaned up at the shop.
